

## **APPLE VIDEO FACILITIES**

### **SPECIAL OFFERS TERMS AND CONDITIONS**

**LAST UNDATED 16/04/2012**

Photocopies and "print-outs" are not valid, unless otherwise stated on the offer itself.

An offer may have a "valid until" date, and this applies until The Studio's closing time of the date written on the offer (see website or member of staff for opening hours).

A voucher or special offer leaflet may not be necessary for the offer to be valid.

All prize gift certificates must be presented and surrendered by the customer for any discounts to be applied.

An individual offer may not be used in conjunction with any other offer, but the same offer may be used multiple times by the same person within the time period stated on the offer.

Any percentage discount will be deducted from the total sum, then VAT added at a rate of 20%.

Any offer stating "VAT Free" will receive a 20% deduction from the total sum, though VAT will still appear on the invoice, and will be charged at a rate of 20%.

If an offer states that the customer will receive "15 free copies with every 100 duplicated discs", 100 discs will be charged at the standard rate and 15 copies given free of charge. This will apply for multiples of 100 too, so 200 discs ordered will receive 30 free discs, 300 will get 45, etc. This offer only applies if the 100 copies come from one master disc.

These special offers will not affect your statutory rights.
